1. Please **let us know where you live** keeping in mind the survey is intended for anyone who lives in and/or recreates in the Greater Bonne Femme Watershed.

Within the city limits of Ashland	7
Within the city limits of Columbia	110
Unincorporated Boone County	61
Other	12

2. On a scale of 1-5, please rate your familiarity with the term "watershed."

1 - I've never heard of this term	2
2 - I've heard it, but unsure what it means	8
3 - I know a little bit about it	42
4 - I know a fair bit about it	33
5 - I am very familiar with this term	105

3. On a scale of 1-5, how important to your outdoor recreational activities are these natural open spaces in the watershed?

This map shows approximate locations for the following areas:

(A) Ashland City Park, (B) Ashland Ridge City Park, (C) Cascades Park, (D) Cosmo-Bethel Park, (E) Gans Creek Recreation Area, (F) Gates Park, (G) Nifong Park, (H) Philips Park, (I) Rock Bridge Memorial State Park, (J) Rock Quarry Park, (K) Three Creeks Conservation Area

1 - Not important	4
2 - Slightly important	3
3 - Moderately important	9
4 - Important	40
5 - Very important	134

4. How many times in the past year have you recreated in the following areas within the watershed?

This map shows approximate locations for the following areas:

(A) Ashland City Park, (B) Ashland Ridge City Park, (C) Cascades Park, (D) Cosmo-Bethel Park, (E) Gans Creek Recreation Area, (F) Gates Park, (G) Nifong Park, (H) Philips Park, (I) Rock Bridge Memorial State Park, (J) Rock Quarry Park, (K) Three Creeks Conservation Area

● Never ● Once a year ● Once a month ● Once a week ● More than once a week

5. How often do you use waterways in the watershed for recreation?

The watershed area is indicated by the purple outline on the map.

● Never	47
● Once a year	55
● Once a month	54
● Once a week	18
● More than once a week	13

6. How often do you use forests and conservation areas in the watershed for recreation?

The watershed area is indicated by the purple outline on the map.

● Never	15
● Once a year	29
● Once a month	75
● Once a week	41
● More than once a week	29

7. What are your preferred forms of outdoor recreation within the watershed (choose all that apply):

The watershed area is indicated by the purple outline on the map.

8. On a scale of 1-5, to what extent do you agree with the following statement?

"I believe that I'm mentally and physically healthier when the natural environment around me is healthy."

9. On a scale of 1-5, how would you rate these environmental health aspects of forests and green spaces within your community?

1 - Poor 2 - Fair 3 - Good 4 - Very Good 5 - Excellent

10. On a scale of 1-5, to what extent do you agree with the following statement?

"I believe that increased water and soil pollution in local streams negatively impacts the overall environment in my community."

1 - Strongly disagree	2
2 - Disagree	0
3 - Neutral	6
4 - Agree	33
5 - Strongly Agree	149

11. On a scale of 1-5, to what extent do you agree with the following statement?

"I believe that regenerative agriculture* practices can positively impact the health of the environment and the people that live in my community."

**Regenerative agriculture revitalizes food and farming systems by regenerating topsoil, increasing biodiversity, and improving carbon, mineral, and water cycles. It also aims to boost the profitability of farms, ranches, and communities while ensuring a high quality of life.*

1 - Strongly disagree	1
2 - Disagree	1
3 - Neutral	15
4 - Agree	40
5 - Strongly Agree	132

12. On a scale of 1-5, to what extent do you agree with the following statement?

"It is important to consider the environmental impacts of residential and commercial development."

1 - Strongly disagree	1
2 - Disagree	0
3 - Neutral	4
4 - Agree	28
5 - Strongly Agree	157

13. On a scale of 1-5, how would you rate your current level of knowledge about these environmental conservation and restoration practices?

- 1 - I've never heard of this practice
- 2 - I've heard of this, but unsure what it is
- 3 - I know a little bit about this
- 4 - I know a fair bit about this
- 5 - I am very familiar with this practice

Applying agricultural best management practices

Conserving water

Creating backyard habitats (e.g., CoMo Wild Yards, pollinator gardens, etc.)

Eating regeneratively grown food

Implementing construction best management practices

Performing regular maintenance on onsite waste management systems

Planting native plants

Using fertilizer sustainably

Utilizing regenerative agriculture practices to grow food

14. On a scale of 1-5, how likely are you to adopt any of the above environmental conservation and restoration practices **on your property** if they were to improve your community's environmental health?

- 1 - Very unlikely 2
- 2 - Unlikely 1
- 3 - Neutral 15
- 4 - Likely 54
- 5 - Very Likely 118

15. On a scale of 1-5, to what extent do you agree with the following statement?

"I believe that soil and water contamination on neighboring properties decreases the property value of my land."

- 1 - Strongly disagree 0
- 2 - Disagree 2
- 3 - Neutral 16
- 4 - Agree 52
- 5 - Strongly Agree 120

16. On a scale of 1-5, to what extent do you agree with the following statement?

"Maintaining natural open spaces for public access is a key factor for increasing property values."

1 - Strongly disagree	0
2 - Disagree	1
3 - Neutral	10
4 - Agree	42
5 - Strongly Agree	137

17. If there is anything additional you would like to share with Boone County and project partners regarding ideas for the Greater Bonne Femme Watershed Initiative related to potential partnerships or stakeholders to support environmental practices, environmental outreach or education programs, or new initiatives, please share below. Thank you!
