

Subwatershed Sensitivity Analysis

Errata

The following are errors that have been noted as of September 30th, 2005. Any additional errors will be posted on the web site www.CaveWatershed.org.

Figure 7.2-E has the property at the northeast corner of Highway 163 and Providence Road designated as converting to a Commercial use; it should be designated as converting to a residential use.

On page 69, the text references Figure 9.1-A; it should reference Figure 10.1-A.

A large “O” at the bottom of each of the maps should actually be a North arrow, pointing towards the top of the page.

For Figures 5.3A, 6.0A,B,D,E and 7.1A, there should be an ‘m’ at the end of ‘Cave or Subsurface Strea’ in the Legend.

For the hard copies of the report, the symbols under **Karst Feature** in the legend of Figure 5.2B do not match those inside the figure. Please refer to the electronic version of the map for an accurate legend.

In Figure 5.2B, the watersheds map in the lower, right-hand corner is stretched horizontally. Please see map 5.2C for a more accurate representation of the watershed.
